Lightning brightens the black sky creating violet visions crooked daggers slice the heavens splitting the night

Symphonies of nocturnal sound are punctuated by crackling clouds

Birds silenced by the night are startled into song by the grumbling above

Vibrating thunder ignites a tempest storm

The sky heaves in its torment

Pellets of rain bombard the earth

Fury of the heavens subsides and the night is once again calm

Now is silence's realm but for the gentle dropping of celestial mead stirred from its resting place by the sighing breeze
