### WITH YOU

hanging upside down  
blood rushing to brain  
waiting for something to happen  
watching a Popsicle river  
run down my leg.  
scars exist for the sake  
of memory rather than  
the initial pain.

### A DAY IN THE LIFE

She first stares at her watch,  
And then at me  
She'd frown and curl her brows  
If she had them.  
Yells out  
Have you worked on those highlights?

Can we highlight  
the fact, I've had  
no increases in two years.  
She goes back to watching, the rest of day  
The sentinel of the maze.
