Anger Rage

Where do they come from?

Where do they go?

Do I dare allow myself to feel?

Do I indulge it?

Or do I shun it?

Do I allow myself to go with the moment and take the consequences?

Or do I rationally bury it and become "Civilized"?

When is it OK to feel it?

As a soldier I am to draw on it and use it for strength,

In the real world I am to temper it and control it?

How am I to know which path to follow?

Can any one make this decision for me?

Or do I have to take the chance myself?

Is it a part of nature and survival?

Or do I control it?
