So close yet so far
That is what you are to me
I know that in time you will come to see
What you mean to me
I know that somewhere sometime there will be a place for us

For now, I will wait until that day comes
Though it seems light years away
Some day, somehow, somewhere...
We will be together

Yes it is but a dream
And reality has an ugly way
Of intruding on your dreams
However, I will hang on to that hope till my very last day

Though time ages us
And may send us on different paths in life
That is how I will always think of you
And smile a pained smile
For what could have been
So I raise my glass, and make a toast
Here's to you,
Here's to me
And to what could someday be

And even though it hurts like hell
I will get over you and move on
Yet, you will always be in my head and my heart

There's something about you
That makes me wonder
Though I don't quite know what it is
I'm sure it will be revealed someday
And I will understand

My questions will be answered
Thy will be done
Someday I know
Our hearts will beat as one
