Longing Questions on Life

To live like we have never lived,
To love like we have never loved,
To know someone like we have never known anything.

What is it like to live and love and know like never before?
Do we meet a person who makes us feel this way,
Or does everyone in life at some point earn this right?

Living and loving and knowing shouldn't wait,
Everyday should feel like this day is the last
Making us make the most of each moment.

So everyday are we to
Live and love and know someone
Like never before?
