KOHUMO WELLS

HEADS DOWN

The coin spins

It spins fast and strong at first

Spinning rapidly in a circle

Like nothing can make it fall

You can even hit it with your finger and it wont fall

But then the coin slows down

Very subtle at first

The velocity of the spin begins to weaken

The circle begins to get smaller

And smaller

And smaller

It starts to spin very slowly now

Just a little more...

It falls

Rocking back forth

Trying to get back up

Trying to spin

But the downfall is too great

Eventually, it is inevitable

The coin lays flat
