## *Animals?*

Do you really think that if they could...

Fish would purchase expensive eyewear and flock to America's sidewalks, laying there until their scales peeled?

Deer would hide in your closet all day then ambush you wearing a three-piece suit that matched the wallpaper?

Whales would sit outside motel windows with video cameras and narrate the mating they see inside?

Dogs and cats would spend a good buck to have a reputable bear make sure your gonads were rendered useless?

Birds would buy army surplus grenades and drop them onto your new car as you headed for vacation in Daytona?

Probably not. But wouldn't they have the right to?
