Rain at Dusk; Two Parts

The shoulder, a doorframe supporting dusk, stood under the heights of air reconstructing charm.

***

Stand cry and clutching close shiver in rain and crying stand while clutching far shiver in sun and
discover standing on sky falling below rain clutching close to sun and self crying in
sun shivering and falling again discover and trip in rain to spill self in close and falling
sun clutching sky crying in close to self and try not to fall standing on rain shivering close to sky
discovering sun and self and trying not to shiver or clutch in close again far from rain standing
crying and clutching close shiver below rain while sun clutches sky falling far from self
standing and trying not to fall in rain trip and spill in close clutching shiver
discover self crying again while falling trip trying not to fall.
