Questions I Never Thought to Ask

Who would catch the rain if there were no trees?
Would the sun smile at me if I swallowed the moon?
Why aren't there any "gentlemen" bugs to dance with the ladybugs?
   Do butterflies get lost in tornadoes?
When the clouds cry, does the silver lining get wet?
   Does the wind ever get hiccups?
Could the mountains lay down and take a nap if they were tired of standing up?
Where do dreams go when we are awake?
