## GOODBYE LOVE

When you had me, you didn't want me, so you just let me go  
Now, here you are standing, waiting patiently at my door  
What made you think I would come back running?  
After all you did and said, you want to act like it's nothing  
But your past has brought us to this future, with nowhere else to go  
So while you fuss and you fight, I'm walking you back to the door  
Don't come here acting like you loved back then  
Because I know better and your love was for them  
It was them you spent the night with instead of me in our bed  
It was them who got all of your attention and affection instead  
So no I don't want you back, actually I rather you just leave  
Because while you were ripping and running, I was making myself busy  
Busy making changes for the better in my life  
Busy taking care of me, so I don't end up with your type  
This is goodbye and it is permanent with no erasing  
This is goodbye and I am not hesitating  
I loved you once and I will never do that again  
This is goodbye love, this is how we end.
