Insignificant Intrusions

The world is vast…
in time and space, kind and place;
It is easy to look past what stares in our face
We search beyond what we possess,
even overlooking the most amazing treasures.
We go to all measures to seek more intense pleasures
that will distract us from our bleak realities.
Insignificant intrusions of detrimental delusion
capture our cortex in an utter state of confusion.
Dilute your self-proclaimed substantialities
and sharpen your naturally given abilities.
Susceptibility to your unique and individual kryptonite
could transform your personality and alter your life.
Life…meaningless without death;
Possession…pointless without theft;
Resuscitate my shriveled lungs for I was left in a breathless state.
Devoid of sane thought processes so I crazily contemplate.
Does a revelation beckon and tease?
Can you ask politely without saying please?
Sacrificial lambs to appease the gods above.
Something superficial such as the thought of love.
It use to be real, but now I feel contradiction.
My award-winning documentary has become a work of fiction.
