The coin spins
It spins fast and strong at first
Spinning rapidly in a circle
Like nothing can make it fall
You can even hit it with your finger and it wont fall
But then the coin slows down
Very subtle at first
The velocity of the spin begins to weaken
The circle begins to get smaller
And smaller
And smaller
And smaller
It starts to spin very slowly now
Just a little more…
It falls
Rocking back forth
Trying to get back up
Trying to spin
But the downfall is too great
Eventually, it is inevitable
The coin lays flat
Heads down
